Senate Studies Excise Tax Cut After Fast House Okay

HUNTING 'ROTTEN APPLES.' Defense Secretary Charles E. Wilson (left) shakes hands with Senator Joseph McCarthy before telling a joint news conference that they are "interested in the same thing" — getting rid of Communist "rotten apples" in the armed services. The two met at a luncheon conference arranged by Wilson, who said he sought McCarthy's advice on the question of Reds in uniform. Wilson said he talked with McCarthy because he is "one of the people who knows something about it (Communism). McCarthy said: "He (Wilson) has been combatting Communism much longer than I have."

NATO Chief Tells Forum War Unlikely

Reds' Power in Europe Now Counterbalanced, Gen. Gruenther Says

PHILADELPHIA (AP)—Gen. Alfred M. Gruenther, supreme Allied commander in Europe, expressed confidence last night that there will be no third world war because he now feels "we have it in our power to make that decision."

Gen. Gruenther told the final session of the eighth annual Philadelphia Bulletin Forum that the North Atlantic Treaty Organization countries have attained what he termed "a substantial posture of strength" in Europe. He said it is sufficient to provide a shield against "any hotheaded act."

Position Strengthened

He said the United States and Allied powers are not now in a position in Europe "to meet an all-out Russian attack if they should make a determined effort." But he added, "We do have a force in being now which is probably more than the Russians can handle with the forces that they have in occupied Europe."

"The statement I made last year that I feel World War III is not going to take place," he said, "I reiterate again with even more confidence because I feel that we have it in our power to make that decision."

NATO forces in Europe at the present include not only enough power to stop Russia's might in the satellite nations, he said, but U. S. air power is rapidly reaching maturity on an atomic basis.

Potential Atomic Force

Within the next three years, he said, "we will have the potential of launching atomic attack by long - range and short - range aircraft, by guided missiles, and by artillery."

The biggest threat, he added, is overconfidence—an overconfidence which overlooks the fact that Russia's military might is not standing still and that Russia's attitude has not changed.

"I think that the recent Berlin conference did a great deal to show," he said, "that the Russian attitude has not changed, that their long-range objectives are the same, and that the only new look is that Mr. Molotov was a little more polite, kissed a few more babies, but he said 'No' at exactly the same time he has always said it."

'Senior Partner'

Harold E. Stassen, chief of the foreign Operations Administration, told the forum the United States has chosen the role of senior partner in a voluntary union of free peoples "with no military strings attached."

Stassen said this new role was first voiced in President Eisenhower's offer to share U. S. atomic knowledge "for peaceful use."

This country now, Stassen said, is engaged in a "declared total war, not upon any human enemy, but upon the brute forces of poverty and need."

That program will be carried forward, he said, by providing technical cooperation, economic development and military support with any or all of the 58 nations with which we have reached an understanding.

Leaving Auto on Street Side Unlawful

Habit Is Dangerous And May Lead to Serious Injuries

One of the potentially dangerous habits of many drivers is that of getting out of their cars on the left-hand side while paying little attention to cars approaching from the rear.

Those who get out on the street side rather than slide across the seat a few feet to get out on the curb side are not only endangering their life and limb but are also violating city traffic laws, Police Chief Tom Coon warned.

—:—

WHILE NOT stringently enforced by city police, a law is contained in the city code which prohibits anyone from entering or leaving a car parked on a traveled street except on the curb side of the car. Violators could be arrested, taken into Municipal Court and fined, he added.

Making the action doubly dangerous are the facts that too few drivers look to the rear before opening the door and narrow city streets leave the driver of the approaching car little choice but to hit the door or the person stepping from the car.

—:—

THIS IS TRUE even on the wider streets which have four lanes. If a driver is traveling along in the lane next to a row of parked cars side by side with another car and a door is opened in his path a few feet ahead he has little choice but to blast his horn, hit his brakes and hope.

If the unwary person who opened the door is lucky, the car may stop before hitting the door, or he may pull himself in and shut the door "just in the nick of time."

Chief Coon warns that to be on the safe side of the law as well as for safety's sake, it is best to slide across the seat of your car and get out on the curb side.

Adoption of this habit as routine action may save you serious injury "that one time" you got out of your car when the car approaching from the rear couldn't stop or swerve to miss you.

THE DANGER OF GETTING OUT of an automobile from the street side is illustrated here. In a situation like this, the person stepping from the car might be seriously injured and the car badly damaged. Getting out of the car on the street side is a violation of city traffic laws.

Bill Expected To Get Swift Endorsement

$912 Million Slash Passes House 411-3; 25 Taxes Are Affected

WASHINGTON (AP) — A bill to slash about 25 federal excise taxes by 912 million dollars has won overwhelming House passage and today appeared likely to get swift Senate approval too.

The House speeded the measure to the Senate yesterday by a 411-3 vote despite opposition from the Eisenhower administration.

The cuts, representing the first major downward revision of the excises or sales taxes in 20 years, would add almost a billion dollars to a deficit already forecast by the President at $2,900,000,000 for the year starting July 1.

Some Extensions

The bill also includes something the administration wants and had figured into its budget for fiscal 1955—extensions of some steeper excises voted after the Korean War began. The Treasury would lose another $1,070,000,000 in revenue if these were to expire April 1 as scheduled.

Sen. George (D-Ga), senior Democrat on the tax-writing Finance Committee, said in an interview he expects the Senate to pass the House bill with little or no change.

Several Republicans on the committee said they would go along with the excise reductions.

Chairman Millikin (R-Colo) of the Finance Committee declined to disclose his position. But he said he would call his group together promptly, perhaps tomorrow, to start work on the bill, against the approaching expiration date.

May Seek Stand

There were indication today that the administration, which had hoped at least to scale down the excise reductions in the Senate, might instead wind up trying to head off further revenue losses.

George said in the interview that he would not try to attach to the excise bill his proposal for a drastic cut in personal income taxes by raising exemptions of each taxpayer and his dependent.

He said he would save this for the 875-page general tax revision measure which the House starts to debate next Wednesday.

But other Democratic senators who want the exemptions boosted said privately they may offer an amendment to accomplish this when the excise bill gets to the floor.

They said also that they may seek to cut more excises, such as those on television and radio sets.

President Eisenhower announced yesterday that he would make a nationwide telecast and broadcast next Monday to tell the country about the administration's position on taxes. No time was announced.

This was interpreted at the Capitol as an effort to head off any increase in personal income tax exemptions rather than to block the cuts in the 25 excises.

The first major test on the income tax exemptions is expected to come next Thursday in the House. There the Democrats plan to try to revise the tax revision measure to boost exemptions to

Gets First Crack

M'Carthy To Reply To Critics Tonight

WASHINGTON (AP)—Sen. McCarthy (R-Wis), nailing down the chance to make tonight the first broadcast reply to Adlai E. Stevenson, got the jump on an administration drive to lure the spotlight away from him.

The senator, still insisting he is entitled to free television and radio time over the networks which carried Stevenson's party speech last Saturday, announced he will make a "partial" reply tonight (7 p.m EST) on the Mutual radio network.

Gets 2-Day Start

That will be two days before the official GOP reply by Vice President Nixon.

McCarthy will appear on the 15-minute show of commentator Fulton Lewis Jr. McCarthy said it would be a "question and answer—mostly answer" affair. He said it would touch on criticism of him by both Stevenson, the Democratic presidential candidate in 1952, and by Sen. Flanders (R-Vt).

NBC and CBS, which carried Stevenson's speech from Miami, Fla., have granted free time to the Republican National Committee for reply. The committee, which beat McCarthy to the draw in requesting it, chose Nixon as the GOP speaker.

Poke at McCarthy

President Eisenhower told his news conference yesterday he regarded the networks' decision as a fair arrangement. He said he heartily concurred in selection of Nixon. High GOP sources earlier had said the President hand picked Nixon.

Eisenhower also said, in commenting on Flanders' Senate criticism of McCarthy, that there is danger in "magnifying certain items of procedure and right and personal aggrandizement . . . to the point where we are endangering the program of action that all the leadership is agreed upon . . ."

The White House granted permission to quote the President

Accused Killer Takes Stand in Turnpike Trial

Wable Links Slayings To Alleged Operation Of Counterfeit Chain

GREENSBURG, Pa (AP) — John Wesley Wable, under a barrage of rapid-fire questioning, clung steadfastly last night to his story that a mysterious counterfeiter is the so-called phantom slayer of the Pennsylvania Turnpike.

Calm and relaxed as he testified for four hours, the lanky 24-year-old native of Ohiopyle, Pa., squirmed uneasily as the state proceeded with its cross-examination. But he never wavered from his story.

Wable is on trial for his life in the fatal shooting of Harry F. Pitts, 39, of Bowling Green, Va., as Pitts slept in his parked truck on the turnpike July 28.

He also is accused of slaying Lester B Woodward, 39, of Duncannon, Pa., another truck driver, on the turnpike July 25 and wounding John K. Sheperd, 34, of West Alexander, Pa., July 31 as he slept in his rig in Ohio near the western approach to the toll road.

Wable admitted he was on the turnpike the night Pitts was killed. But he said he was not on the part of the superhighway—east of the Donegal interchange—where the truck driver met his death.

Tear Gas, Fire Hoses Foil Break

19 Inmates Riot 7 Hours In Crowded Chicago Jail

CHICAGO (AP)—Nineteen prisoners in Cook County's overcrowded jail rioted for more than seven hours yesterday before they surrendered after a barrage of tear gas shells and streams of water from high-pressure fire hoses.

The disheveled prisoners, soaking, shivering and gasping, stumbled out of a cell-block dayroom on the jail's third floor after a final hour of defiance late last night.

Three Injured

Three of the 19 suffered injuries in the stormy battle the inmates had waged with guards, police and firemen. Four guards also were injured, none seriously.

The thwarting of a jail break was blamed by Sheriff John E. Babby for touching off the siege by the prisoners. All were confined to the maximum security section of the jail and were considered dangerous. The ringleaders were described by officials as a condemned murderer and a bank robber.

Babb, who was overcome by tear gas fumes in leading the assault against the prisoners, had steadfastly refused to bargain with the rioters.

"They will get a diet of tear gas—no food," he said.

Another jail official said overcrowding of the jail, which houses nearly 2,000 inmates, contributed to the riot. The jail was built to accommodate 1,305 prisoners.

More than 52 tear gas shells were fired into the dayroom, which measures 30 by 100 feet. Firemen poured water in through broken windows and through ports inside the building.

Chief Patrick Tuohy of the sheriff's police finally yelled to the rioters: "All right, any of you that

Move To Curb Reds Backed in Caracas Talks

Latins Support U.S. Plan for Joint Action Against Infiltration

CARACAS, Venezuela (AP)—Cheered by an invitation to tell Latin America's economic troubles in Washington, the 10th Inter-American Conference doubled its work scheduled today to meet U.S. desires for a resolution promising joint action against Communist infiltration.

Chairman Guillermo Sevilla Sacasa, Nicaraguan foreign minister, said his Political Committee would hold two meetings a day until the Communist issue was settled.

Nine of the 19 Latin-American nations at the conference (Costa Rica has boycotted it) already have gone on record in support of the U.S. proposal to take action against any Red attempt to gain control of an American government. Mexico and Uruguay have urged that the U.S. plan include action against "any totalitarianism," but U.S. spokesmen feel this would scatter the fire of their anti-Communist attack.

U.S. Asst. Secretary of State Samuel C. Waugh brought cheers from most of the delegates when he invited them to meet in Washington to discuss their specific economic problems. Most republics south of the Rio Grande have been willing to go along with the U.S. anti-Communist position in general. But they have consistently demanded effective, prompt aid to bolster their mainly one-crop economies as one of the best ways to raise living standards and thus hamper the spread of communism.

A chief source of grievance among the United States' southern neighbors is the lack of parity between the prices they get for their raw materials and the prices they pay for U.S. manufactured goods.

Waugh did not suggest a date for the technical economic conference and none was set.

Earlier yesterday, U.S. Secretary of State Dulles pledged economic cooperation, saying his country would "not continue to be satisfied merely with good political relations in this hemisphere."

The conference's Economic Committee wound up its general debate yesterday with repeated calls for "remunerative prices" and "stable markets" for raw materials.

Italy's Premier Launches Fight To Ratify EDC

Scelba Receives Shaky Vote of Confidence After Stormy Session

ROME (AP)—Premier Mario Scelba's month-old government had the approval of Parliament today to push for a knockdown fight on ratification of the European Defense Community Treaty.

The Premier won a final parliamentary vote of confidence last night. In a stormy session, the 590-member Chamber of Deputies approved his program of mild social reform at home and continued ties with the West by a 17-vote margin.

Seeks EDC Ratification

Scelba pledged to rally his backers quickly for approval of the EDC pact, which would bring West German troops into a one-uniform army with Italy, France, Belgium, the Netherlands and Luxembourg.

But it probably will be several weeks before he can clear the way through the maze of complicated domestic issues confronting his wobbly four-party coalition government to get final action on EDC.

With the thin majority the 52-year-old Christian Democrat Premier commands, it will not be easy to push through his domestic program. And the fight over EDC may be the toughest hurdle of all.

Squeaks Through

Plagued by the Communists and fellow-traveling Socialists on the left and the Monarchists and neo-Fascists on the right, Scelba managed to win a vote of confidence in his policies last night 300 to 283. The 334-member Senate gave him a bare five-vote margin of approval Feb. 26.

Confirmation by the deputies last night brought at least a temporary halt to the government crisis which has plagued Italy ever since the June 7 elections cut the props from under the pro-Western, center-of-the-road regime of Scelba's long-time mentor, Christian Democrat leader Alcide de Gasperi.

Wilson Deputy Assigned Navy Secretary Post

Charles S. Thomas Is Eisenhower's Choice To Replace Anderson

WASHINGTON (AP) — Charles Sparks Thomas of Los Angeles, now an assistant secretary of defense, was nominated by President Eisenhower today to be secretary of the Navy.

Thomas would succeed Robert B. Anderson of Texas, who has been nominated to be deputy secretary of defense in place of Roger Kyes who is leaving the Pentagon May 1 to return to private business.

No successor to Thomas in his present job has yet been chosen. He is the assistant secretary of defense for supply and logistics.

Thomas, 56, is a native of former President Truman's home town of Independence, Mo., but has been a resident of California since 1911.

He served in naval aviation in the World War I, then went into an investment house in Los Angeles and later became president of a chain of west coast retail clothing stores.

In World War II he was a special assistant to Artemus Gates, then assistant secretary of the Navy for air, and later was special assistant to the late James Forrestal who was then secretary of the Navy.

Hawaii, Alaska Statehood Bills May Be Linked

WASHINGTON (AP)—Alaska finds out today whether its statehood hopes are to be coupled with those of Hawaii.

The Senate scheduled a vote on a Democrative move to tie Alaska to the pending bill, passed by the House last year, to admit Hawaii to the Union.

Observers predicted the outcome would be close. The amendment, offered by Sen. Anderson (D-NM), is backed almost solidly by Democrats, Republicans, with few exceptions, are expected to oppose it.

Chairman Hugh Butler (R-Neb) of the Senate Interior Committee, yesterday called Anderson's move a "political trick" to defeat Hawaii statehood.

Sen. Knowland of California, the Senate Republican leader, has given assurances that the Alaska bill will be given Senate consideration soon, possibly this month, but Democrats say that isn't enough.

At his news conference yesterday, President Eisenhower urged consideration of statehood for the two territories individually on their merits.

But Sen. Jackson (D-Wash) reiterated Democratic arguments that a single bill to provide admission for both territories offers the only hope that admission of Alaska will be brought to the floor of the House. An Alaska statehood bill, approved by the House Interior Committee last summer, rests in the Rules Committee there.

Rep. Bentley Undergoes Emergency Operation

WASHINGTON (AP) — Rep. Alvin M. Bentley (R-Mich), seriously wounded when Puerto Rican fanatics shot up the House March 1, underwent surgery again last night.

The emergency operation, performed about 10 p. m., was to close a wound in the abdominal wall that had come apart, the congressman's aide, Elwood Brake, said today.

Bentley, 35, has been in a serious condition since the shooting. His liver was shattered by a bullet which also pierced a lung and his stomach.

Headquarters are open at the H Schaffner Furniture store and persons not yet contacted may register for membership at the store today, Friday and Saturday. Deadline is 5 p.m. Saturday.

Talent for the season will be chosen at a meeting of the board Saturday night at Hotel Harding. A highlight of next season's series will be the Rochester Symphony Orchestra.

Following are statements from prominent Marion residents on the benefits of the concert program.

Rev. H. V. Falor, president of the Marion County Ministerial Association: "One of the richest cultural advantages of our Marion community is the annual series of musical concerts afforded by the volunteer workers of the Marion Community Concert Association. The outreach of this cultural contribution is, of necessity, limited, and this week citizens of the community are afforded an opportunity to enroll as members of the association and support this worthwhile series. It is to be hoped that larger numbers than ever before, both adults and young people will respond."

Very Rev. William J. Spickerman, V.F., pastor of St. Mary Catholic Church and head of the parochial school: "The appearance of the Rochester Symphony orchestra and other renowned musical talent not only establishes Marion as a progressive community but affords inspiration to the youth to work for the attainment

Bank Robbery Getaway Auto Seen in Indiana

MILAN, Ohio (AP) — Police Chief William Knally said today a car with the license numbers noted on a getaway car in a $29,672 bank robbery here had been reported near Lawrenceburg, Ind.

The chief said he has turned the information over to the FBI.

In addition to Ohio tax number Q32R, the car was reported to be a green Chevrolet, similar to the one used in the robbery of the Erie County United Bank by two men Tuesday.

Chief Knally said the sheriff of Dearborn County, Ind., reported the car, occupied by two men and a woman, pulled into a gas station early yesterday.

The filling station attendant became suspicious and notified police when the men began looking over another car parked nearby. The men left before police arrived.

Chief Knally also said he planned to go to Mount Vernon later today to view two men held there for investigation in the robbery.

Parents, Young Offender Happy at Court Verdict

Being a judge isn't always a thankless job. Juvenile Judge Edward J. Ruzzo learned today.

He came to this happy conclusion when both the parent and a juvenile traffic offender thanked him for suspending the youth's driver's license for a year, agreeing that Judge Ruzzo's action was both "necessary and proper."

Usually, official court action like this causes either the youthful offender or his parent, and sometimes both, to be highly indignant.

That's why Judge Ruzzo classified this morning's actions along the lines of a "man bites dog" story.

Whaling Fleet Puts Out to Sea

Expedition Seeking To Get 600 on Hunt

COAL HARBOR, B. C. (AP)—The 20th-century version of "Thar she blows" sounded across the Pacific Ocean's stormy waters today as six sturdy boats started a hunt for 600 whales.

The ships left here yesterday and will range from 100 to 200 miles out of this shore station deep in Quatsino Sound on the northwest coast of Vancouver Island.

They seek humpback, finback, sei, blue and sperm whales in the only whaling expedition known to operate this far north in the Pacific.

They will conclude their search six months from now. It is hoped the catch will be big enough and expenses small enough to show a profit—a result obtained only once before in the six years of operation by the B. C. Packers, Ltd.

Five vessels, with 25-man crews, harpooned 539 whales last year in a season cut short two weeks by a Pacific storm.

BOY ON BIKE KILLED

DAYTON, Ohio (AP)—A car struck a bicycle carrying two young brothers last night and killed one of them. Delbert Penny, 14, died in a Dayton hospital. His younger brother, Donald, was uninjured.

Ironton Students Protest Ouster of Coach, Teacher

IRONTON, Ohio (AP)—Students at South Point High School didn't take kindly to the dropping of football coach Jack Dick and English instructor John Ayers after their contracts expired last Friday.

Yesterday nearly half of the school's 495 students staged a walkout, parading in the school yard, chanting and carrying banners reading "We want 'em back."

The school board did not say why Dick and Ayers were not rehired.

Australian Child Decides To Greet Queen Personally

BRISBANE, Australia (AP)—Queen Elizabeth II has shared the platform with a raft of kiddies in her world travels, but 4-year-old Narelle Dick is way ahead of the rest.

And Narelle's co-starring was strictly unscheduled.

During the Queen's visit to the Brisbane exhibition ground yesterday, the little girl left her mother in the grandstand sidled slowly down to the dais where the Queen and the Duke of Edinburgh sat.

Smiling serenely and ignoring officials' clutching hands, she crossed the red carpet, climbed into Elizabeth's lap threw her arms around the royal neck and tried to kiss her.

The startled monarch held the tot for an instant, then gently pushed her away and kept smiling as the crowd of thousands gasped.

Narelle struggled and kicked as Police Inspector T. J. Clark carried her back to her mother.

TRUCK-CAR CRASH FATAL

AKRON, Ohio (AP)—A truck driver awoke from a doze yesterday to see his big vehicle run over an automobile and virtually crush it, the State Highway Patrol said. The car's driver, Robert Dudley, 50, of Cleveland, was killed, and his daughter, Dorothea, 20, was brought to St. Thomas Hospital with a broken ankle. Patrolmen said the trucker, whose name was witheld, told them he fell asleep at the wheel.

Late in the Middle Ages it was believed that eating of lions' brains would cause madness.

West Virginia Woman 105, Recalls Civil War

CUMBERLAND, W. Va. (AP)—A quiet birthday party—her 105th—will be held here today for spry Mrs. Susan May.

She was born March 11, 1847, in Pendleton County, Va., which has since become part of West Virginia.

Recalling her long life yesterday, she said two of her brothers fought on opposite sides in the Civil War. As for the more recent past, she remembered that she had an appendectomy two years ago when she was "only 105."

Telephone Co. Improvements Noted in Report

$4,629,000 Spent On Expansion in '53; Program To Continue

In 1953 a total of $4,629,000 was spent by the General Telephone Co. of Ohio on service expansion and improvements, the company's annual report showed today.

This figure brought the total amount spent by the company since 1946 on improvements to more than $21,000,000.

The annual report shows an increase over preceding years in almost every facet of the company's operation — number of telephones in operation, messages handled, number of employes, and the amount of revenue, capital investment, stock dividends declared, taxes paid and indebtedness.

General Telephone last year operated 93,941 telephones in 135 exchanges in Ohio, originating 123,717,000 local messages and 6,172,000 long distance calls. Employes numbering 1,395 received a payroll last year of $3,713,185.

Company expansion brought the capital investment of General to $25,527,132.

Revenue in 1953 reached a new high of $8,193,220, which permitted a payment of $999,118 in dividends to 1,542 stockholders. State and federal taxes paid last year amounted to $1,582,930 and the company's long-term indebtedness rose to $10,750,000.

Clare E. Williams, president of the company, which has its headquarters here, announced a continuation of the expansion and improvement program in 1954 amounting to $4,126,000. This money will be spent, among other things, on the conversion to dial operation of 14 more exchanges, raising to 52 the number of dial central offices. These will be housed in 48 new buildings and serve 41,000 telephones.

Methodist Church At Richwood Plans Special Programs

In connection with the anniversary commemoration of First Methodist Church at Richwood during March, two activities have been planned for next week. A two-session Family Life Conference is set for Sunday, and a week of preaching mission services will begin Monday night.

Dr. Frank D. Slutz of Dayton, nationally known authority in family relations and child guidance and a prominent teacher and author, will conduct the Sunday conference. His appearance is sponsored jointly by the church and the Young Adult Class.

In the first session at 3 p.m., Dr. Slutz is expected to give a lecture and then conduct a forum discussion to answer questions. of a goal in the field of culture and fame. The Marion Community Concert Association stands on its past record as having contributed largely to the advancement of the community and is deserving of the wholehearted support of the citizens in its 1954-55 program."

Cecil Gabler, principal of Harding High School: "The concerts provided annually by the Marion Community Concert Association is a definite addition to the cultural life of Marion and the community. We are happy to be able to provide an auditorium for the presentation of the programs and it is our hope that all young people avail themselves of the opportunity to hear such outstanding talent."

Judge Edward J. Ruzzo of the Marion County Probate and Juvenile Court: "The concert series sponsored by the Marion Community Concert Association is a fine thing for Marion, especially for the cultural advancement of our children and youth. Aside from bringing the best in talent to our city, it is an inspiration to young people with talent in the field of cultural entertainment."

Mrs. Henry A. Mickley, homemaker and musician: "The Marion Community Concert Association is the only organization that brings this very high type of talent to Marion and the efforts of the workers in the 1954-55 campaign now being carried on are deserving of the wholehearted support of the community. With an outstanding musical organization such as the Rochester Symphony Orchestra on next season's series, a musical treat is in store for patrons."

Mrs. Samuel H. Wood, a newcomer to Marion: "We were happy upon coming to Marion to learn that the city supports such a progressive musical program and the community is indeed fortunate to have such an organization as the Marion Community Concert Association."

Jeanne Bibbee, senior at Harding High School, a member of the Marion Lecture-Recital Club, musical organizations at Harding High and the Marion Community Concert Association: "Aside from an educational standpoint, the concerts provide an opportunity for young people to meet and enjoy the outstanding talent of the country."

Connecticut and Rhode Island claim the lowest infant mortality rates in the United States.

McCarthy

(Continued From Page 1)

directly. News conference remarks normally may not be so quoted.

Sen. Ferguson of Michigan, chairman of the Senate GOP Policy Committee, said in an interview today he interpreted the President's words as indicating concern that his legislative program might be lost sight of in wrangling over McCarthy and his controversial investigations.

Back Ike's Program

Ferguson said that without disparaging McCarthy's activities, he and other leaders feel the Eisenhower program will be the "big issue" of this year's campaign for control of Congress.

"The leadership is trying to keep the big issues before the people, the issues that affect their welfare and livelihood," Ferguson said.

Similarly, Sen. Knowland of California, the GOP floor leader, said last night he fears that continued controversy over McCarthy within the party "would be dangerous to our legislative program." He added, in an NBC radio interview, that "I would certainly hope this running discussion will not be continued on the floor."

Asked to comment on Eisenhower's handling of the McCarthy furor, Knowland said: "There is no power in the presidency under which a President can purge a senator. The President understands that. In past administrations that was tried without notable success."

'Problem of Past'

Ferguson said he regards the communism-in-government issue, which McCarthy has stressed, as "largely a problem of the past," and he added:

"Unlike the Democrats who had a vested interest in retaining suspected employes because it would be embarrassing to fire them after so long a time, the men in government now have no political reason not to clean them out and they are doing that."

McCarthy, perhaps taking the line he may employ in any reply he makes tonight to Flanders, told newsmen:

"There's a tremendous, concerted effort to cut down the investigation of Communists. A very few Republicans are joining in it. It's so easy for a Republican to be a hero in the eyes of the left wing press by interfering in the investigation of communism—I'm happy they are so few."

'No Comment'

Asked to list the "few Republicans" he had in mind, McCarthy grinned and said "no comment."

He described Flanders as "one of the finest old gentlemen I know."

McCarthy and Eisenhower met last night at a dinner honoring Senate Republican leaders and Sen. Bridges (R-NH) reported, shook hands "in a friendly fashion." Other senators who attended said the two greeted one another cordially.

When the party broke up, McCarthy stayed behind with GOP members of his investigating subcommittee and with Knowland and Sen. Bricker (R-Ohio). There was no indication what they discussed at an hour-long huddle.

Flanders, who told his Senate colleagues Tuesday that McCarthy was "doing his best to shatter" the GOP, got what he termed a "nice letter" from Eisenhower, but declined to make it public. At his news conference, Eisenhower voiced endorsement of key portions of Flanders' speech.

As did Ferguson, Flanders said in an interview he thinks more emphasis should be placed on the legislative program.

Gets Deluge of Mail

Flanders said he had received a deluge of mail and telegrams since his speech. They range from "'drop dead' to hero worship," he said.

An overwhelmingly favorable reaction was reported by CBS in New York to a TV show put on Tuesday night by commentator Edward R. Murrow, who said McCarthy repeatedly has overstepped the boundary between investigating and persecuting.

The network last night said that with reaction still coming in, the breakdown was:

Telephone calls: Favoring the program, 8,841; protesting, 697.

Telegrams: Favoring the program, 2,764; protesting, 85.

Father of Galionite Given Subpoena in Puerto Rican Probe

GALION — FBI agents from Cleveland Wednesday served a subpoena here to Pedro Rivera Audujar, 58, of New York, to testify in the New York grand jury investigation of the Puerto Rican Nationalist party.

The federal agents found Audujar visiting at the home of his daughter in Galion and handed him the subpoena to appear in New York today. Audujar went willingly to Cleveland with the agents and then returned to Galion to pack his bag.

Audujar, a bus boy in a New York night club, was located here after federal officials in New York appealed to U. S. Attorney John J. Kane Jr. to help find him.

More than 100 Puerto Ricans have been rounded up in New York and Chicago for the governments' probe into the shooting of five congressmen in Washington.

Taxes

(Continued From Page 1)

$700, which would reduce revenue about $2,400,000,000 a year.

They would partially offset this by knocking out a proposed tax benefit to stockholders on dividend income. This provision would cost 240 million in its first year, 815 million when it reached full effect.

The House' bill would cut to 10 per cent all excises now above that figure except those on liquor and tobacco. Affected would be 25 per cent levy on long-distance telephone calls; the 20 per cent tax on movies, sports and other admission tickets, and on furs, jewelry, luggage, cosmetics, women's pocketbooks, wallets, cameras, film and light bulbs; the 15 per cent rate on sporting goods, pens, mechanical pencils, lighters, local telephone bills, and rail, bus and air passenger fares; and the 11 per cent tax on pistols, other firearms and shells.

The extensions in the bill would postpone for one year reductions scheduled for Arpil 1 on liquor, cigarettes, automobiles, gas, trucks and buses, beer and wine.

want to come out, walk out backward one at a time."

Tuohy said after a long pause one of the prisoners shouted: "All right, we give up. We're coming out."

Earlier the prisoners had cursed and shouted at guards and police who had attempted to persuade them to return to their cells.

Fight Off Tear Gas

And each time the officers attempted to storm the door of the dayroom they were met with a barrage of debris and sharp jagged pieces of porcelain broken from toilet fixtures. When gas shells were fired the prisoners would cover themselves with wet blankets.

Man Admits 3 Charges, Draws Fine, Jail Term

A Marion man was fined $200 and costs and sentenced to six months in the workhouse when he pleaded guilty to charges of intoxication, resisting arrest, and disorderly conduct in Municipal Court today.

He was Homer Fred Sanders, 40, of 314 N. State St.

Sanders was arrested at 2:13 a.m. today on Park St. Police Chief Tom Coon said police had sent Sanders home after receiving a report he was intoxicated but shortly later received a call that he was out on the street again. When police apprehended him, he refused to go with them and swung at them as they attempted to put him in the police cruiser.

Municipal Court Judge W. Dexter Hazen said today that it was Sanders' 32nd offense.

Reports of Month's Activities Given to Board of Red Cross

Reports of chairmen and the presentation of a five-year pin to Lloyd L. Johnson were highlights of the monthly meeting of the board of directors of the Marion County Chapter of the American Red Cross Wednesday at Hotel Harding. L. H. Larsen, county chairman, presided.

Announcement was made that more than 16,000 membership cards would be forwarded to contributors to the Red Cross this week. Melvin Weston, chairman of the blood program, reported on the extensive effort made by his committee to provide volunteer donors for the March visit of the Red Cross Bloodmobile Unit here Wednesday and today. There will be no April visit of the unit, it was announced. Robert Kraner reported that the blood program has the whole-hearted support of the Marion Academy of Medicine and that members are most appreciative of its availability in the work at the City Hospital. A total of 76 pints of blood was furnished free of charge at the City Hospital in February.

Miss Lillian Plack, executive secretary, paid tribute to Miss Alice Hane, one of the organizers of the Marion Chapter who died Tuesday, and gave a resume of her activities throughout the years. The chapter was organized in 1917, just three days after the United States declared war on Germany.

Wable

(Continued From Page 1)

He denied being on the turnpike the night Woodward was murdered.

Wable testified he talked with Sheperd shortly after he was wounded. He stated:

"I came by through there that morning and somebody flagged me down. He told me he thought he was shot by the turnpike phantom."

Wable said he helped Sheperd back into his vehicle but didn't summon help because:

"I was handling counterfeit money at the time and didn't want to be involved with the police. I had been headed for Pittsburgh so I just went on and forgot about it."

Wable told the jury he was passing counterfeit money for a man he called Jim Parks whom he had met in a Pittsburgh bus station. The accused said he gave his gun, a .32 caliber automatic pistol, to Parks July 23 and didn't get it back until Aug. 1.

A state police ballistics expert has given testimony, undisputed by the defense, that Wable's gun was the weapon used in all three shootings.

The commonwealth maintains Jim Parks doesn't exist.

Court Upholds Lausche Move

Governor's Action on Special Election Stands

COLUMBUS, Ohio (AP)—The Ohio Supreme Court has backed Gov. Frank J. Lausche's action in stating special elections to fill legislative vacancies to coincide with the May 4 primary and Nov. 2 general election.

A Cleveland attorney, Richard B. Kay, president of the Greater Cleveland Young Republican Club, had asked the court to order Lausche to set the special election earlier. Lausche said it would cost too much to have separate elections.

Cuyahoga County had vacancies in both its Senate and House delegations when Kay filed his suit. Resignations and 1 death had left the 100th General Assembly with 2 Senate and 8 House vacancies.

Kay filed the suit after Lausche indicated he would follow the course of other governors and not call special elections. Later Lausche called the special elections—the first in the memory of state officials.

The traveling choir of Kentucky Christian College at Grayson, Ky., will present a program of religious music at the Church of Christ in Richwood on Monday at 8 p.m. This group is under the direction of Miss Mary Sanders, professor of music at the college. The 25 mixed voices of the choir have been selected from a larger choir of about 60 voices. Also featured will be quartets and soloists. Prof. Thomas A. Dale, field representative for the college, will give a brief talk concerning the curriculum, activities, and ministerial training program of the school. Opportunity to hear the program is extended to the general public by the host church, the pastor, Rev. Dean E. Speece, announced.

She was spending five days in the High Sierras with her California campus classmates on the annual college ski club trip which followed mid-term exams last month. Miss Smyth is the daughter of Dr. and Mrs. Jack F. Smyth of 326 Franklin St. and is a 1952 graduate of Harding High School where she was active in extra curricular activities. She is active in sports at Mills where she is a member of the school basketball and field hockey teams.

Councilman Fails in His Court Suit for Reelection

COLUMBUS, Ohio (AP)—Raymond E. Roush has lost his court fight for re-election as Manchester (Adams County) councilman.

Dorothy Buhr was declared elected Nov. 3, 1953. A recount showed Roush the winner. When Common Pleas Court ordered another recount Roush was found to have 386 votes, his opponent 396.

The election was non partisan.

The Common Pleas Court overruled Roush's motion for a new trial and he appealed to the Supreme Court which upheld the local county.

Newsman Dies In Philadelphia

W. L. McLean Jr., 58, Was Bulletin Executive

PHILADELPHIA (AP)—William L. McLean Jr., 58, a big city newspaper executive who championed the rights of the small town paper, died last night of a cerebral hemorrhage.

He was vice president and treasurer of the Philadelphia Bulletin, and a brother of Robert McLean, president of the Bulletin Co. and president of The Associated Press.

Stricken with a cerebral hemorrhage at his home, McLean was taken to Lankenau Hospital, where he died a short while later. His wife and two children were at his bedside.

McLean was active in the Bulletin's operations since his discharge from the Army as a first lieutenant after World War I. His primary interests were in the company's finances and in the handling of newsprint.

As a past president of the Pennsylvania Newspaper Publishers' Assn., McLean devoted much attention to the problems of smaller newspapers throughout the state.

He felt that the big dailies should keep in mind the smaller newspaper's responsibility to its community and help it meet that responsibility.

Barons Need Single Win To Clinch Runner-Up Spot

Early Scoring Spurt Leads To 7-5 Verdict Over Troy

The magic number for the Marion Barons today was one.

A single win in their remaining three games, one on the road and two at home, will give the Marion club, the runner-up spot in the International Hockey League and a playoff berth against the Cincinnati Mohawks. A tie in the remaining games would assure the local squad of at least a tie for second with Johnstown.

The Barons spurted three points ahead of the Jets last night when they notched a 7-5 win over Troy's Bruins before a disappointing Hockey Appreciation Night crowd of 1,037. The Jets had climbed to within a single point of Marion with a win the preceding night but were idle yesterday.

Rout Threatened

Marion threatened to turn the game into a walkaway during the opening period. Dutch Delmonte started the scoring parade after six minutes and five seconds had passed. He batted in a score when Dave Lucas knocked a Marion shot to the ice and was unable to recover in time to block Delmonte.

Exactly 10 minutes later, Joe Ingoldsby scored on one of the best executed plays seen at the Coliseum this year. Steve Brklacich came out of a scramble with the puck and passed to Wimpy Jones who skated the length of the ice. At the last second, Jones passed to Ingoldsby on a crossover for the score. Less than a half minute later, Gordon Vejprava notched his first of two goals. He scored from directly in front of the net when he pulled the Bruins' goalie, Al Bennett out of position.

With 2:33 gone in the second period, Wimpy Jones made it 4-0 Marion when he batted the puck through a screen of players clustered around the net. Brklacich and Murray Wilkie were credited with assists.

Bruins Come Back

Then before the Barons knew what hit them, the Bruins came storming back and before Marion could hit paydirt again the score was tied. George Edwards, leftwinger for the Bruins, led the assault. He scored first at 3:55 after a pass from Gordon Buttrey in a scramble. His second came at 10:35 with assists going to Buttrey and Ken Campbell. Rod McElroy continued the attack with a goal at the 12:39 mark after a pass from Manson and Manson set up the tieing score at 16:40 when he passed to Campbell from just inside the blue line. Campbell blasted the score into the net from directly in front of the net.

Vejprava's second score allowed the Barons to finish the period with a 5-4 edge. He scored after Wilkie had brought the puck down the ice and passed to Vejprava at the opposite side of the net. Brklacich also received an assist.

Ted Lebioda scored his second goal of the season with seven minutes and eight seconds gone in the final period to give the Barons a working margin. Lebioda intercepted a Troy pass near the Marion goal and skated the length of the rink, faking two Bruin defenders out of position. He went straight in on Bennett and the Bruin goal tender had no chance to block the shot.

Delmonte wound up the Marion scoring with his second goal after 8:37 had passed. Brklacich fed him a pass on a breakaway and was credited with an assist.

Manson wound up the scoring after 13:10 had gone by in the closing period. He grabbed the closing period. He grabbed the puck at center ice and scored after breaking away from Marion's defenders.

The win gave Marion a total of 76 points while the Jets have 73. Johnstown has only two games remaining and can finish with only 77. A tie would give the Barons that total, while another win will lift them to 78 points.

Next action for the Barons will be on the Coliseum ice Friday night when the homeless Louisville Shooting Stars will be here for a rescheduled game. Saturday night, Marion travels to Grand Rapids and will return home Sunday for an important game with Johnstown. Outcome of the Sunday clash could settle second place.

Service Clubs Perform

As part of the Hockey Appreciation program, Marion service clubs tangled in broom ball games during the intermissions. In the opening battle prior to the game, the 20-30 Club squeezed out a 1 1 win over the Junior Chamber of Commerce on a goal by Lowell Ralston. The two teams played without skates.

In the game during the first period break, Jackson Taft sparked the Lions Club to a 2-0 verdict against the Y Men. Taft scored both goals for the winners.

The Marion Rotary Club, aided by a visiting Rotarian, Chuck Ebert of Ashland, dumped the Kiwanians 1-0. Stew Norris skated in and batted the basketball into the goal despite a twin-goalie setup employed by the Kiwanians.

Prexies' Cage Banquet Slated For March 23

The annual Harding High School basketball banquet will be held Tuesday, March 23, at 6:30 p.m. in the school cafeteria, it was announced today by Ken Somerlot, athletic co-ordinator at Harding.

Speaker will be Bill Rohr, basketball coach at Miami University at Oxford. The coach of the year in Ohio last year, his Miami Redskin cage quintet polished off Cincinnati at the close of the season this year just after the Queen City team upset highly-rated Duquesne.

Coach Jim Lawler will hand Varsity basketball awards to Doug Bibler, Ron Conroy, Bob Hamor, Max Kaelber, Dave Schnelker, Don Smith, all seniors, and Phil Carroll, a junior. Cheerleader awards will also be presented during the program.

Harding's basketball team finished the regular season at 8-11 and then fell before Mansfield in its opening game in the Class A sectional basketball tournament here. The powerful Mansfield quintet went on to win the sectional here and advance to district play at Toledo.

Bobby Morgan of the Brooklyn Dodgers has hit seven home runs each year he has been with the team since 1950.

SHORT SPORTS
By John Short

Don Johnson, a former Harding High School athlete, will begin working next week on the answer to his No. 1 question of the last two years.

SHORT

Don, a former pitcher and infielder with Pete Howison's diamond Prexies, leaves Marion Sunday for the opening of spring training with the Cincinnati Redlegs' Class A Columbia, S.C. farm club.

He was a member of the Brooklyn Dodgers' system three years ago when a hitch in the service interrupted his career. During his time spent in Germany, his pitching arm was banged up during a basketball game and Johnson was afraid it might have been injured permanently. He sat out last season and pitched only in semi-pro leagues in this area.

Late last season, he made the trip to Columbus for a Cincinnati tryout and the Redlegs thought enough of him to sign him to a Class A contract at a bonus. He had been made a free agent since his last service in the Dodger system.

The Greenville team will have about one month of conditioning and Don's main worry at the present time is his weight. He reports he is "just slightly over" his regular playing weight.

He'll be playing under Bill McCarthy, who serves as field manager and president of the club. The first three weeks will be spent by Don and his mound mates in running, with the last week before the April 16 opening spent in throwing.

While at Harding, Johnson alternated between the mound and third base.

Overtime Struggle

Mt. Gilead Defeats Bremen, To Play for Tourney Crown

MT. GILEAD — Mt. Gilead High School's confident cagers overcame the effects of one of their weakest starts of the season last night in Central District tournament play to nip Bremen 61-55 in an overtime contest.

The win over Bremen gives the Indians a spot in the championship game carded for Saturday night. They will meet the winner of tonight's game between Lancaster St. Mary and Williamsport.

The slow start by the Indians allowed Bremen to roll to a 14-11 lead at the end of the first period and the winners were unable to overcome the gap. They trailed 26-20 at the half and were on the short end of a 42-34 count at the start of the final frame.

Bremen managed to cling to its lead throughout the fourth period until the Indians crept to within two points in the final minutes. Ted Moody, scoring ace for the Indians, dropped through a field goal in the final second of the game to tie the count at 51-51.

John Mosher took charge of the local quintet's attack in the overtime session. He dumped in the team's entire total of 10 markers. He hit on three attempts from the field and four free throws.

Mosher was the big gun for the Indians with 23 points. Moody finished with 19 after being held to six in the first half. Keith Brown was high for the losers with 23 while Dave Householder hit for 12 and Jack Howell added 10.

The Indians potted 20 of 78 attempts fromthe field for an average of just slighlty over 25 per cent. It was one of their lowest averages of the season. Bremen hit on 36 per cent of its shots but managed to get only 63 chances. Mt. Gilead as usual made up for its inaccuracy with amazing accuracy from the free throw line. The Indians potted 21 of 28 chances. Bremen hit on nine of 19.

The championship game Saturday night will get under way at 8 p.m. Mt. Gilead will carry a 19-3 mark into the fray. Last night's win marked the second straight overtime verdict for the Indians. Last Saturday, they qualified for the semi-finals with a 70-64 win over Newark St. Francis.

Lockland Wayne Manages 12-7 Win in Tourney Play

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—Two former champions and two hitherto unbeaten teams were toppled off the tournament trail last night in Ohio high school basketball district play.

Holgate with 23 straight, and Flushing with 22, were knocked out of the Class B ranks, along with Glenford, the 1941 Class B ruler which had won 25 of 27, and Zanesville, the 1926 Class A victor.

Holgate was ousted 58-44 by Archbold (20-3) in the Whitehouse tourney; Flushing was a 61-60 victim of Tuscarawas (21-2) at Brilliant; Zanesville was defeated 60-55 by Wellsville at Martins Ferry in the only Class A district game of the night, and Glenford lost 59-49 to Ames-Bern (22-4) at Athens.

Four of the former Class B state champs moved along with victories. Huron, the 1917 victor when both classes played in a single tourey, defeated New London 72-46 at Mansfield; Columbiana (1947) defeated Lorain St. Marys 74-51 at Kent; Delphos St. John (1949) won over St. Henry 87-76 at Celina, and Lockland Wayne, 1952 victor and the state's No. 1 Class B club, came up with a weird 12-7 victory over its crosstown rival, Lockland, at Cincinnati.

Coach Dick Dallmer told his Lockland team, which sported an 18-3 record, to shoot only for sure baskets, and Joe Martin's exchamps were content to let the foe hold the ball. Lockland didn't try a shot the first quarter and was 2-1 behind.

Wayne held a 5-4 edge at the half, and 7-4 at the three-quarter mark. The score by quarters was Wayne 2-3-2-5—12, and Lockland 1-3-0-3—7. Only 6 field goals were scored, and only 8 fouls called. Lockland scored its 3 last-half points in the final minute.

Cleveland Holy Name defeated Cleveland South 65-31 in the finals of the Cleveland sectional last night, and will move to the Kent district along with tonight's two winners at Euclid and one at East Cleveland.

The Kent class A district held up by snow-caused sectional delays around the northern sector, will offer 2 games Saturday afternoon, 3 Saturday night and 2 Monday night to name the area's seven regional qualifiers. Sites and pairings for the two northeastern area regionals will be selected March 16 at Kent.

In the Flushing - Tuscarawas thriller, John Fitzgerald of the losers scored 28 points, while Larry Deems got 26 for the winning Tuscarawas club. The hero, however, was Ted Davis, Tuscarawas guard.

With 20 seconds to go, and behind 59-60, Davis stole the ball from a Flushing player, dribbled in and scored the winning field goal, ending Flushing's 22-game unblemished streak.

Class B district action is on tap tonight at Waverly, Celina, Whitehouse, Westerville, Columbus and Kent, with Class A games at Martins Ferry, Athens, Columbus and Cincinnati.

BUDGE A LITTLE SLOWER

NEW YORK (AP) — Don Budge, making a comeback in professional tennis, admits that he has slowed down — just a little. The 38-year old Budge who grabbed every top tennis crown in 1938 — U.S., England, Australia and France — is now touring with the Jack Kramer group. Says Budge "I figure maybe I'm a point or two worse per game than I was 15 years ago. I'm used to the big tour. I turned pro in 1939 and also toured in 1940, '42and '46.

Harmon Could Supply Redlegs Needed Power

TAMPA, Fla. (AP)—Charlie Harmon, rookie infielder, is beginning to look more and more like a possible solution to the Cincinnati Redlegs' need for a little more right handed hitting power.

Harmon only got one hit in the Reds' 4-3 defeat at the hands of the Philadelphia Athletics yesterday but it was a 340 foot home run. Gossip around the Redleg camp was that if Harmon can make the grade and grab off the third base assignment, Bobby Adams would be moved back to his old spot at second base.

The Athletics got 3 runs off Bob Kelly in the last 2 innings yesterday to win. Rookies Jim Melton and Moe Savransky held the A's to 5 hits through the first 6 innings.

FORESTERS FACE PROBLEMS

INDIANAPOLIS, Ind. (AP)—The timber-proud states of the north and northwest may overlook Indiana when it comes to lumber production but the Hoosier foresters face the same problems, Doxie Moore, Conservation Department director, says that eight new two-way radios have been installed in trucks, and 10 fire towers have been equipped with portable units to aid in fire protection.

Kiner Regains Eye, Smacks 2 In Cub Victory

MESA, Ariz. (AP)—Ralph Kiner of the Chicago Cubs gives every indication of a young man bent on wondrous things this season.

He hopes to regain the home run championship of the National League, and he should re-establish his claim as an all-round baseball player.

Just yesterday the Californian's bat sank the New York Giants for their fourth straight defeat, 9-7, with a performance that started with a two-run homer his first time at bat and a grand slam edition later in the game. His RBI: six runs.

In five exhibitions, Kiner is hitting well over .500. He has three home runs and has driven in 10 runs. This is for a gentleman who generally got off to a slow start in spring training.

Kiner signaled events to come when he reported to camp weighing a trim 190 pounds. This was seven less than when he finished the long grind last year and 10 or 15 pounds under the figure he carried into the quarters of his former employers last spring, the Pittsburgh Pirates.

Just as pleasing to Phil Cavarretta, the Cubs' manager, and the club as a whole, is the determination he has shown in the outfield.

In addition, Kiner, without any prompting, has been spending long periods brushing up on (1) bunting, and (2) sliding.

Bevo Francis Held to 27, Rio Falls in NAIA

KANSAS CITY (AP)—The tournament-wise Springfield (Mo.) State Bears jumped into the favorite's spot today in the National Intercollegiate basketball meet, replacing Bevo Francis and his Rio Grande College club.

Southeastern Louisiana College knocked Rio Grande out of the tournament 78-65 last night in second-round play. The Louisiana team wasn't even listed among the eight seeded squads.

Bevo, who entered the meet with a 50.4 per game average, was held to 27 points. In a first round game Monday he was limited to 28.

Bevo's 27 points brought his season total to 1,165 for 25 games. The high scorer for Southeastern Louisiana was Jimmy Mitchell with 22.

Springfield, leading from the start, trounced Gustavus Adolphus, 86-57 in its second-round tilt.

Richard Larkins, athletic director at OSU, was originally slated to address the group but was forced to miss the dinner by a last-minute engagement.

Larkins, in a letter to Clark Fouts, principal at Eber Baker, reported he had been contacted by Sen. John W Bricker and asked to be in Washington this afternoon at 4 p.m. Larkins indicated he was to confer with Bricker and Sen. Hubert Humphrey, Minnesota Democrat.

The Buckeye athletic director expressed his sorrow at being unable to fill the speaking engagement here He insured a top-flight speaker before informing Fouts he would be unable to attend.

In his letter, Larkins indicated the conference might be connected with a government financial deal involving Ohio State He described it as an "important deal"

Wesley Methodists One Game Away From Second Round Title

Wesley Methodist came within one game of capturing the second round of the YMCA Church Basketball League last night at the YMCA by defeating Epworth Methodist 44-35

Both teams entered the fray with three wins and no losses Trinity Baptist, winner of the first round championship but already out of the running for the final half will meet Wesley in a championship game for league honors should the latter complete the season Saturday with a victory Date of the championship game will be set by the Basketball Committee

Jim Ruth sparked the winners with a total of 23 points, better than half of the Wesley total as Epworth had a difficulty in finding the range throughout the game. Epworth hit only 11 times from the field to ruin its bid to unseat Wesley, which has been Church League champions for three years Craycraft and Jones with 12 and 11 points were high men in the Epworth scoring department Bus Augenstein followed Ruth with 10 points in Wesley scoring

In the only other game played in Church League competition Wednesday, Bud England heaved in a total of 41 points as Calvary captured its third win in the second round with an 86-41 verdict over Church of the Brethren. England's 41 points is the record for the Church League season and second only to Harold Dillion's 44 points in Industrial League play this season in all YMCA league games Don Ballengot's 17 points were high for the Brethren.

Rudy Regalado Finally Halted

TUCSON, Ariz (AP)—Rudy Regalado, Cleveland's [illegible] promising rookie," gets another chance today to ponder the fate of his predecessors in that role.

Jim Lemon, the top newcomer of 1950, and Jim Fridley, the "hope" of 1952, scored all the runs yesterday as the Baltimore Orioles trimmed the Indians 2-1 in the opener of a two-game exhibition series

Fridley, who faded quickly and finished last season with a .296 average at San Antonio, hit Baltimore's game-winning homer, and scored the winners' other run

Lemon, who ended 1950 with a .276 average for 12 games with Cleveland smacked a homer for the Tribe He ended last season with a .218 average at Indianapolis.

And Regalado, who borrowed a bat and starred in four previous exhibitions failed to hit in three chances, striking out, popping a fly and tapping to the mound.

TOPS IN PUNT RETURNS

PHILADELPHIA (AP) — Charley Trippi of the Chicago Cardinals, who didn't return a single punt in 1952, carried back 21 in 1953 for 239 yards and an average of 11.4 yards per carry, to lead the National Football League in this department.

St. Augustine, Fla., claims to be the oldest city in the United States.

Lenten Meditations

This is one in a series of Lenten meditations prepared by the members of the Marion County Ministerial Association for publication in The Star.

God So Loved

By REV. L. HARRISON LUDWIG
Pastor of Salem Evangelical and Reformed Church

"For God so loved the world, that He gave . . . "—John 3:16.

The season of Lent centers in the Cross of Christ. The central motive power of the Cross is love—the love of God for people. Our thinking about the Cross must come to this first of all—God so loved.

His love is still with us, ever seeking to save and to give us life abundant. We know that it is at work among the unfortunates of the world, those who are victims of circumstances and evil habits. We have seen the love of God make new creatures out of these people. We know this same love is showered upon the fortunate ones of the world, those with sins that are classed as respectable but are nevertheless deadly. They, too, have been made new creatures. Whether it is in the hovel of the poor, the respectable home of the middle class, or, the palace of the rich, the love of God is there seeking to save to the uttermost.

The Cross shows us the fullest extent of the love of God. We will dedicate our lives to Him in the words of the hymn.

PRAYER: "O love that wilt not let me go,
I rest my weary soul in Thee;
I give Thee back the life I owe,
That in Thine ocean depths its flow
May richer, fuller be."

Alexander Graham Bell invented the telephone when he was 29 and lived to be 75 in 1922.

Long-Forgotten Cache Of Bootleg Liquor Found

OKLAHOMA CITY (AP)—A long-forgotten cache of bootleg whisky was uncovered yesterday under the floor of a downtown landmark being razed for a parking lot.

Some of the whisky carried labels bearing a 1918 date. A stack of money also was found but most of it was shredded badly, apparently by rats. Several $5 and $10 bills were still intact, however.

Harassment

By George Sokolsky

I was thumbing through an issue of "Life" magazine to look at the pictures and there big as a skyscraper was a picture of David Schine, filling most of the page, all stiff and stern like a Coldstream Guard on parade

SOKOLSKY

Schine is a plain GI without frills, learning to be a military cop doing a 16-week period of basic training, his nose rubbed in the muck just to show him that all men are equal in the Army except those who are coddled, and he is not being coddled At Fort Dix he was made into a celebrity by the Army cooperating with left - wing journalists at Camp Gordon, at any rate, he is in a proper military atmosphere

But does he have to be a model for a picture magazine too? What part of the military training is that? David Schine, I am sure did not want to be a model for Harry Luce Who in Washington ordered the command at Camp Gordon to require a soldier to be a Luce model?

- -

SCHINE IS A PAWN in a political game, in a fight among politicians Who in the Army can require a soldier to pose like a bathing beauty for a private magazine that makes money out of pictures?

David Schine was conscripted into the Army at the age of 26 He is a Harvard graduate, an executive of a large hotel and movie house corporation He had served a year in the Army Transport Service

He has had a long experience as chief consultant for the McCarthy committee without salary He initiated and carried through the successful Voice of America investigation and he started the Fort Monmouth investigation His career on the record makes him definite officer material.

Because of his connection with the McCarthy committee, and only for that reason as I know, he was not given a chance that has been given to thousands of similarly placed young men to be an officer So he went in as a GI Does he have to be selected out of millions of troops for press conferences and photographs and modeling?

There is a pointed harassment in all this that seems unfair What does one have to do to be protected these days, join the Communist party?

SCHINE WAS yanked into the Army while he was actively engaged in an investigation of the Army Schine was not given time to complete his work

An investigation might be made to find out how many young men at this particular time were given delays for one reason or another The Senate committee made arrangements with the Army for a member of its staff to visit Schine off hours to go over matters which Schine was handling and he was given some weekends to complete the job

The left wing press made a hullabaloo about all this Their reporters were creeping all over Fort Dix, interviewing everyone from generals to privates to uncover any special privileges for Schine

Then they found that he was wearing his own boots and that was bandied about as though it had never happened before

When he was sent to Camp Gordon in Georgia, it was assumed that Schine would be free from the taint of having served his country against the Communists Perhaps he would be permitted to clean latrines in peace

Maybe his next operation will be to sit for a portrait of the best dressed M P Or maybe he might serve on a judo team in a vaudeville house!

- -

HAD SCHINE not worked on the McCarthy committee had he stayed quietly in the hotel business, the likelihood is that nobody would have yanked him into the Army at this time when there is no war and foot soldiers are mostly an expense Be that as it may, the reason that he has become a subject for notoriety is that the left wing press reporters in Washington devoting themselves to splitting the Republican party scare the wits out of Army officials The impression even goes the rounds that Schine was a hostage to keep McCarthy in line

McCarthy did not respond to that and Schine got a rough deal with no privileges, no exceptions not even an acknowledgment of his education experience and undoubted abilities

This is written to keep the record straight although there is more to tell

Women Voters League Studies Problems of City Government

Problems of local government and what could be done to strengthen it were discussed by members and guests of the Marion League of Women Voters in morning and evening unit meetings Wednesday at the YMCA

City councilmen attending the morning session were Richard Lister and Harold Frelich Attending the evening meeting were Councilmen Herman Rinehart and Ralph Williams

Arranged as part of the League's study of the forms of city government Wednesday's meetings brought out information that a home rule charter combined with the present form of city government would be a means of strengthening it

With a home rule charter the city could then put into practice four year terms for elected officials and set up a planning commission which could work for long range results

Under the present system councilmen told League members they were sometimes hampered by state laws interfering with local action Councilmen also said they felt greater attendance by individuals and representatives of civic groups at Council meetings would serve to inform the people of city activities and to spur councilmen to do as good jobs as possible

League members in charge of the morning meeting were Mrs J E Frey Mrs B N Salzman and Mrs Francis Wanda Evening meeting leaders were Mrs Harold R Fetzer Mrs Walter Sinden and Mrs William R Diem

On March 24 League members will continue their study of forms discussing charter government.

Court Docket

By Victor Riesel

Mark well the case of Docket No 3163 52 in the United States District Court Washington D C

It is a complaint It alleges that some officials of a painters union council covering our capital took 15 bribes from employers in a six month period

RIESEL

It alleges that one of these bribes came from a New York decorating firm which had contracted to paint part of our Air Force base at Andrews Field —where we train our men and from which we plan to protect our capital should the blitz come

The complaint alleges that the painting contractor promised to pay some union officials $3 000 and that part payment was put down as a sign of good faith, in order that the firm might get good men competent to help the good old U S A refurbish one of its airbases

Now this complaint brought by a crusading union member who was once an official himself but was dumped because he liked to crusade lists times places and amounts of cash payments of the alleged bribes

This ex business agent Archie Moore and nine of his fellow union members have brought this civil complaint to the courts charging that some officials of the Washington Painters District Council 31 and Local 368 thereof have in effect, done their people wrong

- -

ARCHIE MOORE was elected business agent of this joint council in July of 1951 and his complaint alleges that on July 16 1951 the very day that he started work one of his fellow officials offered him one third of what he charges was a bribe to obtain his cooperation in arranging a deal

Thus it went, say Moore and his colleagues in the document Airport, bridge even synagogue and hospital painting contractors were hit. Moore asserts that he "pretended to go along with one of the defendants and accepted his share of the alleged bribes

Moore also reported back to his group They agreed that he should keep careful accounts Moore gathered the details of the long complaint from week to week and even told the FBI His tax returns show increased income, he says, for he did not want to entangle himself with the federal law

All documents are now being scanned by the district court's auditor Then they will go before the judge, who will decide whether or not Moore and his group are entitled to a decree which, in effect, would prevent the current officers from running the union

-

HE WILL DECIDE this on the basis of the public law But there is another aspect to the case of Docket 3163 52 which involves a moral law before which honest labor leaders must now stand and argue And they must act on a single standard of ethics

While Archie Moore and his friends are but 10 men out of 16 000 000 unionized workers, their case is illustrative

Whatever the judge may decide they honestly believe they had a grievance They tried hard to correct it

The complaint says that As each of the above described transactions occurred (the alleged bribe sharing) plaintiff Moore reported the incidents to follow members of Local 368 recorded each incident in his diary, and kept the money separate and apart from his own funds in separate envelopes bearing notations as to the details of each incident

Moore and his colleagues then went to their union Local 368, and presented their information to a membership meeting An investigating committee was set up and heard complaints for some five weeks

So what happened? The accused officials simply brought the accusers—Moore and his group—up on charges for violating an obscure clause in the consutution of the Brotherhood of Painters, Decorators and Paperhangers of America.

- -

THIS CLAUSE says it is an offense for a member to tend to bring an officer or a local union into disrepute

Moore was put on trial—Moore mind you—before a labor tribunal of five men And here comes the question of the single standard The labor movement constantly cries out for the right of any accused to have counsel supporting witnesses and to testify for himself Yet Moore who sincerely believed he was helping his fellow man, now swears he was denied counsel and could not testify He was not permitted to bring in supporting witnesses

Instead, on the basis of denials by the men whom Moore had accused the labor trial board found Moore guilty

Moore was ousted as business agent He was barred from holding union office for three years He appealed to the national union headquarters—which rejected him So he was forced to go into the public courts

There at least he's finding a single standard

WHY YOU GO BALD DEMONSTRATED BY HAIR EXPERT HERE TOMORROW

One of the most common causes of hair loss, the blocked follicle, is explained to a balding man by trichologist G S Bishop Bishop's organization is sending a specialist here to advise men how to correct hair troubles by home treatment.

Where you're growing fuzz you can usually grow real hair, trichologist says . . .

CINCINNATI Ohio Mar 10—New home treatment methods for growing thicker hair — and preventing baldness—will be demonstrated in Marion, Ohio, this Friday March 12

Trichologist C O Brown of the famous Bishop Hair Experts organization will be in charge He will personally examine hair-worried men and women from 2 p m to 9 p m Friday at the Hotel Harding

Examine You Free

In making the announcement at the home office of Bishop Hair Experts, director G S Bishop said

"I want to make it clear that you incur no charge or obligation by coming in for an examination

"Your only obligation is to yourself—to ease your mind of worries about hair loss dandruff itching or other scalp disorders by learning how to take care of your hair If your case is beyond the scope of Bishop home treatment Mr Brown will tell you so But less than five per cent of the people we examine are hopeless"

Offers No Cure-All

His method of home treatment, Bishop said should not be confused with "mail order courses"

"We always make a personal examination before suggesting treatment" he said There is no cure-all for every scalp disorder Each of the 18 disorders that cause most baldness requires a special treatment"

Bishop says that sometimes your treatment must be changed after a few weeks to get best results For this reason you mail regular reports of your hair progress to the nearest Bishop office

"Also your scalp condition is checked personally by a Bishop trichologist at regular intervals

Satisfy 90%

Does Bishop grow hair? Best evidence that he does is that his organization expanded quickly from one office to 15 affiliated offices in North America Buffalo Pittsburgh Cincinnati Miami Tampa Atlanta Houston Dallas San Antonio Fort Worth Oklahoma City Tulsa, San Francisco Montreal Mexico City And in addition to these permanent offices their staff trichologists regularly do extension work in many other cities

Our biggest problem is not in doing what we claim to do, declares Bishop. "We satisfy more than 90 per cent of our clients

ABOVE Leonard A Floyd, growing bald December 19, 1950, when photo was made

BELOW Floyd after treatment April 30 1951

But overcoming the average man's initial skepticism is really hard He's usually quite desperate —and definitely baldish—by the time he nerves himself to consult a Bishop trichologist All the time he's losing hair he justifies his neglect with one of the old superstitions about hair That baldness is hereditary that men naturally lose hair as they get along in years that nothing can be done to stop hair loss

What's worse all the time he's losing hair he keeps right on with the bad habits of hair care that cause him to lose hair

Guarantee Satisfaction

"To overcome the average man's skepticism we now offer a 30-DAY GUARANTEE" Bishop says "You must be satisfied with results by the end of 30 days or your money will be refunded"

If you're worried about your hair, call the Hotel Harding tomorrow for Mr Brown's suite number then come see him between 2 and 9 p m for a free examination

You don't need an appointment You won't be obligated or embarrassed in any way.

New Army

By Relman Morin

NEW YORK

We were having dinner in the general's mess in Korea the other night, and looking at the faces around the table a thought suddenly struck me—

"The people of home don't have to worry about America's interests out here . . . they're in good hands"

The staff officers sitting there looked like the department heads of some hot-shot American corporation They were all youngish lean incisive, alert There wasn't an over-stuffed colonel in the lot

In the buzz of conversation drifting through the room there was some shop-talk, naturally But they also were talking politics the Berlin conference, economic conditions at home, and a whole range of subjects outside the immediate purview of the 8th Army and its officers in Korea

This, of course, is the new Army"

- -

IT IS BRINGING along a group of sharp young officers with brains background and the ability to handle problems the old Army never confronted They are technicians and specialists in the various phases of warfare to be sure But they also have to be diplomats, administrators and executives in the plain business sense of the world

They may be occupied with abatil sbutya ahontehn nfrot eaor aware of military budgets, the relations between the Army and Congress, and the shifting strategies of the global war.

Nobody typifies these men better than the commander of the 8th Army, Gen Maxwell D Taylor

Taylor is 52 He is lean sinewy and, looks like a college athlete Because of his four stars the staff calls him "the old man," although he is only a few years older than most of them Moreover he can trim their ears off at tennis or handball, which he plays regularly

He is a fighting soldier—the general who parachuted into Bastogne to rejoin his division the 101st Airborne, when it was locked in the Battle of the Bulge

- -

BEFORE THAT however he was entrusted with the ticklish decision —political as well as military—of negotiating with Marshal Badoglio for an airborne operation against Rome in September 1943 That was before Italy had surrendered Taylor was smuggled into the city under the noses of two German divisions stationed nearby

Incidentally, he ruled against the proposed operation

Ever since he was a young officer he has been in posts around the world that threw him in contact with problems of diplomacy and international relations He speaks French Spanish and Japanese and picked up a working knowledge of Chinese while he was stationed in Peiping

Now he is studying Korean

His primary job over there today is of course the military dispositions of the 8th army

In addition however he initiated and obtained the funds for a program of reconstruction and rehabilitation He administers that program

- -

HE ALSO STARTED an education program in the Army directed mainly toward raising the educational level of the non - commissioned officers the kingpins of any army He visits the classrooms incessantly and keeps a constant check on the progress

Finally he deals directly with President Syngman Rhee and the South Korean government In that task he is little different from an ambassador He is a soft-spoken man by nature but he can be tough as nails in these negotiations

Taylor is typical of America's 'new Army

You can't help but conclude Our interests abroad are in good hands with men like these"

Engineer Seeks Clarification on Stop Sign Policy

Marion County Engineer Reed Ours has asked S O Linzell, director of state highways for clarification of a policy announced Wednesday that red stop signs would have to replace yellow stop signs in the state

Need for the clarification arose because Ours' office is in the process of making a county road survey before deciding where stop signs will be installed in the near future A partial shipment of an order for signs was received last month by the engineer's office These signs are the formerly standard yellow stop signs

None of the signs had been installed yet Ours said pending completion of the over-all county traffic survey He will also wait until he learns whether the new policy of red signs covers county roads, he said

American motorists wasted more than 40 000 000,000 gallons of gasoline during 1953 according to a study by Universal CIT Credit Corp Improper driving methods and poor car maintenance were the major causes of the waste

Benson Backs Ike's Program

Firm on 'Flexible' Farm Price Supports

WASHINGTON (AP)—Secretary of Agriculture Benson has served added notice he intends going all the way in support of the Eisenhower administration's new farm program

In his most forthright statement on the politically explosive farm issue, Benson told House critics yesterday he would 'probably advise the President to veto any bill passed by Congress which would continue the present system of rigid high price supports

Then, commenting on the possibility the issue may be forced to an early test in the Senate, he told newsmen, "It might be just as well to have a showdown now'

The secretary returned for another session today with the House Agriculture Committee, which he told yesterday.

"There are better ways to spend public money than for the continued accumulation of unneeded reserves (surpluses), without equivalent benefits to farmers or consumers."

Shooting of Boy, 14, Blamed on Wild West Comic Books

WESTVILLE, N S (AP)—Stewart Wright, 13, told a coroner's jury yesterday how he shot his 14-year-old pal to death March 2 while they listened to a "shooting' radio program and read comic books about the Two-Gun Kid

Stewart said his chum, Roland Muir, suggested they play with two rifles kept behind the kitchen door Roland put six shells in one rifle Stewart said he thought Roland ejected all of them from the magazine

"Just in fun I said to Rollie 'Hands up'" Stewart went on

Stewart pointed the rifle at Roland and squeezed the trigger The gun fired, sending a bullet through Roland's forehead

The jury returned a verdict of accidental death and recommended that comic books "of the type found at the scene" be banned.

Coed Stumped

City police received a call at 3:03 a.m. today from a neighbor complaining that a group of men was creating a disturbance.

Walizer claims Large fired a shotgun at him and that he was struck by a rolling pin wielded by Bruce.

Police Chief Tom Coon said today there was evidence at the Mark St. address which indicated a shotgun had been fired. Police are continuing the investigation.

Gideons Camp And Auxiliary Elect Officers

Election of officers for the Marion Camp of Gideons and the auxiliary, held at a dinner Tuesday night at the community rooms of the West Town Branch of National City Bank, resulted in naming of Sheridan Severns and Mrs. John Staffordas presidents of the two groups respectively.

Other officers elected include Clifford Ward, vice president of the camp and Mrs. George Bensley and Mrs. Everett Douce, first and second vice presidents of the auxiliary; Harry Crowner and John Stafford, camp secretary and treasurer and Mrs. Clifford Ward, auxiliary secretary-treasurer; Everett Douce, camp Bible secretary and Raymond Donaugh and Mrs. Nellie McCleary, chaplains.

Following dinner, group singing was led by Mr. Ward and prayers were by H. J. Klinefelter and Mrs. Stafford. At the separate business sessions, Mr. Severns presided for the men and Mrs. Harry Crowner for the women. Prayer at the auxiliary session was by Mrs. H. J. Klinefelter, and devotions were by Mrs. Grace Fletcher, a guest. Other guests were Mrs. Maude Scheiffer, Mrs. Lulu Corwin, and Miss Jean Bibbee. Women Now Take Masculine Shirts

NEW YORK (UP)—The women have stolen the shirt right off the man's back.

But for spring and summer, it's a shirt the men wouldn't recognize. In some cases, it's formal enough for evening wear.

Actually, women for years have copied masculine fashions, even as they criticized the men for their drab and conservative tastes. And in the last few months, blouses tailored like a man's shirt have been popular.

Now, designer Hattie Carnegie, has gone even farther. She has refined the shirt, but not even bothered to tuck in its tail.

She calls the result the shirt-cardigan. Sometimes the collar is modified for a softer effect than a man's collar gives. Sometimes the sleeves are loose instead of cuffed. But the slits up the side are the same, and the general fit is the same as that of a man's shirt.

One of the shirts is a lightweight wrap of soft pink boucle knit, worn over a slim-cut daytime silk dress of geranium red.

Some of the shirts are in figured silks, to wear with dresses of the same fabric or with coordinated solid colors. Some shirts are in solid color, light weight wools. One of the fanciest is of deep pink peau de soire, with jewelled cuffs, for use as a spring and summer evening wrap.

Whoopee, Revlry Dies At Modern Conventions

ST. LOUIS, Mo. (UP)—The old-fashioned convention of cartoon fame, with lots of whoopee and few inhibitions, is becoming a thing of the past.

Howard F. Dugan, vice-president of Statler Hotels, told a sedate meeting of hotel sales managers the sober-sided trend for conventions is increasing.

It used to be, Dugan said, the convention-goers checked their inhibitions at the desk. Now, he said, fun has given way to profit and loss charts and the boss gets more for his dollar.

During 1953 there were 78 000-000 motor vehicles in use in all the countries of the world. That makes about one auto for every 30 persons and every eight miles of highway.

Congress' Right To Declare War

Eisenhower Starts New Speculation on Old Issue

By JAMES MARLOW

WASHINGTON (AP) — A 28-word statement by President Eisenhower on how this country would enter another war—only after a declaration by Congress—may be remembered long after the present hubbub over Sen. McCarthy is forgotten.

The President, at yesterday's news conference in which he stiff-armed the Wisconsin Republican without mentioning his name, was asked the following question:

"Mr. President, Sen. Stennis (D-Miss) said . . . we were in danger of becoming involved in World War III in Indochina because of the Air Force technicians there. What will we do if one of those men is captured or killed?"

Stennis wasn't the only one who had raised that question. Others had wondered after it was learned a couple of hundred American Air Force technicians were being sent into Indochina to help service, but not fly, American planes given the French to fight the Communist-led Vietminh.

The President's answer was:

"There is going to be no involvement of America in war unless it is a result of the constitutional process that is placed upon Congress to declare it." Then he added: "Now, let us have that clear."

His answer may have been clear in Eisenhower's mind. But it raised more questions than it answered, because it has to be considered in relation to what has been called the military "new look" and what Secretary of State Dulles said Jan. 2.

Speaking on that date in New York on how the Eisenhower administration had worked out what he described as a new policy in meeting Communist aggression anywhere, Dulles said:

". . . The President and his advisers, as represented by the National Security Council, had to take some basic policy decisions. This has been done. The basic decision was to depend primarily upon a great capacity to retaliate, instantly, by means and at places of our own choosing . . ."

How does that jibe with Eisenhower's statement this country won't get into war unless Congress declares it? Dulles spoke about capacity to "retaliate instantly." Formal declaration of war by Congress would mean debate and delay.

Dulles' statement, the President's yesterday, others by various officials add up to less than a clearcut, comprehensive statement of intentions—perhaps necessarily. Still, many questions are left unanswered.

For example: What would Eisenhower do in case of another war like the Korean which wound up being a three-year war although Congress never declared it one?

Former President Truman didn't wait for congressional debate, which might have meant delay fatal to the South Koreans, on whether this country should (1) help them or (2) formally declare war on the North Korean Communists.

Truman acted at once, talked over his actions with a few chosen members of Congress, and saved South Korea. Republicans, particularly the late Sen. Taft, severely criticized him later for not having broader consultation with Congress.

But Dulles, in his Jan. 12 speech, praised the fast action taken to help Korea. And Congress in effect endorsed it, without declaring war, by voting the money to carry on the Korean fighting.

If a similar situation arises—for instance, if the Chinese Communists suddenly burst into Indochina in such overwhelming strength that the French will be destroyed unless this country goes to the rescue instantly—will Eisenhower hold back American help until Congress debates and decides?

Yet, if Eisenhower, to save the French, rushed in American planes and men, the result would be war.

And if Eisenhower means no military measures would be taken without formal congressional action, then what becomes of Dulles' statement about the capacity to retaliate "instantly" at places of our own choosing?

Does that mean the United States, refusing to get into jungle war with the Chinese in Indochina, would pick its own method of retaliation by dropping bombs on Chinese cities? That would mean not only war with China but probably with Russia too, and therefore World War III.

Tax Commission Upheld in Dispute With 5 Ohio Banks

COLUMBUS, Ohio (AP)—The Ohio Supreme Court has upheld the state tax commissioner in a dispute with five Ohio banks.

The court yesterday ruled invalid the banks' claim the commissioner should have excluded the value of federal securities held by the banks in determining property taxes on their assets.

Banks involved were the Broadview Savings & Loan, Co., the Union Bank of Commerce Co., and the Society for Savings, all of Cleveland; the Fremont Savings Bank Co., and the First National Bank of Akron.

The court ruled:

"A state may levy a property tax on the ownership interests of the owners of a corporation, even though all the assets of the corporation are federal securities and even though the net worth of the corporation is used as the measure of the value of such taxation of such ownership interests."

About 9 per cent of the land area of Connecticut and of Massachusetts is classified as urban.

A Community Asset

A well-rounded community program consists of many varied lines of endeavor—some religious, some educational, some cultural, some in the social welfare sphere and some purely entertainment—but all making their own particular and noteworthy contributions to the American way of life.

Combining the educational, the cultural and the entertainment aspects to a marked degree is the annual concert series of the Marion Community Concert Association, which this week concludes its membership campaign for its 10th anniversary season.

Starting in the winter of 1945-1946 with James Melton inaugurating the series, the association each year has offered three or four outstanding presentations in the vocal, instrumental and classical dance fields. In addition to Mr. Melton other nationally-famous singers appearing here have included Rise Stevens (in 1946-1947) and Eleanor Steber (1951-1952), while Alec Templeton brought his piano playing and his English wit as one of the headliners in 1949-1950. Other series have included well-known symphony orchestras and ballet troupes.

Uncounted hours of plain hard work by members of the concert association have gone into setting and maintaining the high standards of this annual program.

As a segment of our community life which has more than proved its worth over the last nine years, the Marion Community Concert Association deserves strong and continued support as it sets its sights on another banner season in 1953-1954.

'Fifth Amendment Communists'

The passage in the Fifth Amendment to the Constitution which is brought into play frequently by witnesses undergoing questioning by Sen. McCarthy reads:

"No person . . . shall be compelled in any criminal case to be a witness against himself . . ."

This is only part of the whole Fifth Amendment, which also states the right of a citizen to be free of double jeopardy, punishment without due process of law, and seizure of his property for public use. These are part of the inalienable rights of U.S. citizens.

No one doubts that the Fifth Amendment is being abused on the advice of legal counsel by many witnesses summoned to appear before congressional investigating committees.

The practice of invoking the amendment to avoid answering questions began in 1950 when the House Un-American Activities committee was holding hearings in Hawaii. Before that time, reluctant witnesses invariably had stood on their rights under the First Amendment. This proved to be a shaky defense. Courts subsequently punished many of them for contempt of Congress for refusing to answer.

The only alternative to citing the Fifth Amendment which the legal profession has devised so far is this one: "I refuse to answer on advice of counsel." This puts the responsibility on the lawyer advising the witness instead of on the Constitution. It has been rarely used, though it has important possibilities.

To a remarkable degree, this whole situation has grown out of the multiplying perplexities of legal interpretation. No one can be happy about it because it makes a mockery of a vital section of the Constitution.

For one thing, it never has been clearly established that an admission of Communist affiliation is in the criminal category. For another thing, it is known that some witnesses who have been advised to misuse the Constitution in this way were trying to protect friends and acquaintances from questioning and were not personally involved in anything of a criminal nature at all.

It would seem to be time for the United States Bar Association to come to the defense of the Constitution with recommendations for an alternative to misuse of the Fifth Amendment by lawyers advising clients called as witnesses by congressional investigators.

Truth Is Where You Find It

A statement of policy on public education issued by National Association of Manufacturers contains this point of view, along with others that are equally farsighted.

"Wide variation in accepted educational purposes, while described by some, is to be expected and should be accepted as a natural development in a society which encourages great diversity in its search for truth."

Educators, like the rest of us, are tempted by conformity. They get the itch to impose universal standards — to line up all the square pegs in even rows and hammer them into the square holes with rhythmic blows of the academic mallet.

But, fortunately, educational standards vary. Methods vary. Teachers have differences of opinion. State systems are not uniform. School systems inside states are not uniform. The net result is to protect public education from the danger of perpetuating error on a nationwide basis.

There is always room for two things as long as education remains unstandardized — improvement and the emergence of truths which otherwise might be stifled by foolish regulations.

Eyeful of Communists

By David Lawrence

One Red in High Place Can Do Serious Damage

Former President Truman is right when he says "There aren't an eyeful of Communists in the whole country," but he never has looked that eyeful squarely in the face.

For it took only an eyeful of Puerto Rican subversives from the Nationalist party to shoot five members of Congress last week. The whole Nationalist party in Puerto Rico comprises less than 500 persons out of the 2,500,000 population.

It took only an eyeful of Communists this week to sneak in and destroy 18 American planes at an airfield poorly protected by the French in Indochina.

I took only an eyeful of Communists to steal atomic secrets from the United States and hand them over to Russia. Klaus Fuchs, the spy, was only one man out of the many thousands who worked for the American government at the atomic project, but he did enough damage to the American people to be recorded as the most destructive traitor in history.

It took only an eyeful of Communists in the Department of State, out of many thousands of employes, to attempt to sabotage American policy and one out of that eyeful — Alger Hiss — was at Yalta at the elbow of the secretary of state when the United States made its surrender of much of Asia to the Communists.

-:-

IT TOOK ONLY an eyeful of Communists in the Treasury Department to enable one of their agents — Harry Dexter White — to furnish documents to the Communists and influence governmental monetary policy. Yet Truman was incredulous and wrote two letters of commendation to that one man even after the FBI revealed the facts to him.

What Truman and many other loyal Americans misunderstand is the difference between the futile effort of Communism to win a substantial number of Americans to its banner and the existence of a conspiracy by a small group to infiltrate our government departments and secure information for Soviet Russia.

The attitude of Truman ever since 1946 has been one of minimizing the importance of the Communist conspiracy. He wrote throughout his administration letter after letter pooh-poohing the Communist menace, and it was this attitude of disbelief in the Communist capacity to conduct a conspiracy inside the United States that led him to ignore the FBI charges against Harry Dexter White.

The same attitude of blind skepticism was exhibited by President Roosevelt when Whittaker Chambers confessed to the government that he had been a spy and told that Alger Hiss was guilty of complicity in the espionage which he (Chambers) had been carrying on.

It was this which produced the climate of indifference inside Washington toward the Communists and their agents. It was only when the anti-Communist crusade began in Congress that the Department of Justice, under the last administration, started to do anything toward prosecuting the Communists.

-:-

IT IS NOT surprising that Truman should remain unconvinced about the depth of Communist penetration in Washington and its effect on international policy, but it is most surprising that a man as well-informed as Sen. Flanders should make a speech in the Senate asking what possible connection there is between the anti-Communist crusade in America and the large and dangerous problems in Asia and Europe.

The answer is that, because of Communist influence in making policy in the Far East under the last administration, the government of Chiang Kai-shek was undermined and moral support withdrawn at a critical moment. Thus were 400,000,000 Chinese delivered to bondage under the Communists. The records of the Senate internal security sub-committee are full of evidence of the manner in which American influence was dissipated in the Far East through Communist infiltration and a policy adopted in Washington which had been consistently advocated by Communist sympathizers in the United States.

If China had not been surrendered to the Communists, there would have been no Korean War and probably the 31,500 American boys killed in that war would be alive today.

-:-

THAT'S THE TRAGIC connection between the indifference of official Washington to the Communist menace inside government, and that's the importance also of alerting the government and the nation to the insidious influences still exerted by only an eyeful of people. They are active even today in trying to persuade the State Department to adopt a policy of appeasement in Indochina.

It is agreed by the administration's own spokesmen that the loss of Indochina to the Communists would be disastrous to the interests of the United States in the future.

Hence it is important to keep an eye on the eyeful in the government who are said to constitute what is known as an "appeasement" group favoring the surrender of Indochina to Communist control by the same "coalition" scheme that destroyed the Chiang Kai-shek government and gave the Communists the upper hand in China.

Step to Free Market

By Edward K. Nellor

An Eastern states farm expert close to Secretary Benson describe the cut in butter price supports as the first step in the Eisenhower administration's long-range plan of returning to a free market in farm production.

Active in the Northeast Farm Foundation, in Ithaca, N. Y., Karl D. Butler, a farm counselor, said the administration has three choices in correcting the system of "production for storage." He listed these as continuing high, fixed supports; wiping out all support of farm products, or a middle course.

He said the first two alternatives are impossible.

"The Eisenhower program takes the middle course," Butler said. 'It is designed to get slowly away from the wasteful and dangerous system of production for government storage.

"At the same time it will give agriculture ample support to keep it from being crushed in the squeeze between high costs and relatively low prices. It moves only very gradually away from the high supports of recent years. Its direction is toward an eventual free market, which is the only goal worth striving for, if we are to preserve a free farm enterprise in this country."

Benson had cut butter price supports from 90 to 75 per cent of parity in a program designed to curtail the government's program of buying millions of pounds annually. The cut is effective April 1.

In discussing the direction the new farm program can move, Butler said the first alternative—continuing high, fixed supports—would appear to mean running into an impossible situation. Already the government has spent around 6 billion dollars to take farm products out of the market and store them. It is now having to ask for more money as the quantities of dairy products, wheat, corn, cotton, and vegetable oils now stored away have filled much of the available storage space in the country.

Considering the money involved, the unmanageable surpluses on hand, and the mounting resentment of consumers, it is doubtful that this system would be tolerated indefinitely by the American people or by Congress, Butler said. The end of such a system, he added, could easily be that all farm aid was swept away in one grand burst of public irritation.

The other extreme he considered just as imposible at the present time—to wipe out all support of farm products. The central fact about our American economy, Butler said, is that it is now dominated by industrialism whose wages and prices are at an artificially high level.

This inflated industrial wage and price level constitutes a large part of the farmer's costs, he went on. Most farm enterprises he described as caught in a squeeze between those high costs and lowered prices of their products. Agriculture cannot be deflated to a free world market level while its costs stay so high, Butler said, without bringing it (and a lot of other business) down in a welter of depression.

U.S. Neglecting Merchant Marine

By Raymond Moley

The Eisenhower administration's negative policy regarding our merchant marine, reflected in the total absence of any funds for new construction in the President's 1955 budget, coupled with the astonishing merchant marine recommendations of the Randall Report, came as a heavy body blow to an American enterprise that deserves better.

The awful lesson of two world wars and the wisdom of maintaining a merchant fleet second to none in the interest of national defense are so compelling that the peacetime role and importance of this service may be overshadowed.

One of the obvious benefits of the 1936 Merchant Marine Act was the advantage of a strong peacetime merchant marine—the essential trade route concept resulting in stability of operations, world influence for the United States, and the continuity of trade development and promotion benefiting American industry.

-:-

PROVIDING the United States with a powerful merchant marine should not be regarded as an expensive venture to bolster a "rich" industry. Under the 1936 Merchant Marine Act, subsidies received or accrued totalled $258,550,362 for the years between 1938 and 1951.

Since no subsidy was paid from 1943 to 1946, per annum cost over 10 years of subsidized operation was $14,715,832, and, unlike all other government subsidies, the ship operating subsidy is subject to recapture.

The government recovered 43 per cent of the subsidy it paid out in those 14 years.

What is happening today is the gradual falling-off of our merchant marine in the face of a vital resurgence of foreign merchant fleets. Great Britain leads the field in new construction.

On her heels are Germany, Japan, and Italy — destitute nations a few years ago. Behind the pack, in seventh place, is the United States.

-:-

AFTER ENABLING foreign competition to take the lead through foreign aid, we are told by the Randall Commission to water down the aims of the 1936 Merchant Marine Act and to encourage even greater foreign competition for cargoes by eliminating legislation that stipulates that 50 per cent of foreign - aid cargoes be carired in American bottoms.

Within the next ten years, 80 per cent of our cargo and passenger ships will be obsolete. Eventually they must be replaced.

Common sense would indicate a balanced program of building and replacement on a year-to-year basis to meet the requirements of a modern merchant fleet engaged in competition with subsidized foreign shipping.

Yet, of the 5,100,000 tons of ships launched in the world last year, only 528,307 carried the American flag.

-:-

AT THIS VERY moment, not one freight or passenger ship is on the ways in our shipyards. The Eisenhower budget assures that no sizable merchant ship will be on the ways in 1955.

Any realistic approach to the urgent merchant marine problem must recognize that the availability of foreign shipping, which we subsidized through the sale of surplus ships and government grants, and the need for dollar earnings by maritime nations are not sufficient reasons to weaken the American Merchant Marine.

And There Was Light

By TRUMAN TWILL

While bird-dogging lights last night I started to think about this phenomenon of light which so many of us now take for granted. Tom Edison really started something when he went away and left all the lights burning.

I can think of 50 light bulbs in our house without trying and could add 10 more with a systematic check. At any given moment after darkness falls, more than half of them are likely to be burning at the same time.

The newest project on the list of improvements to be made at the earliest possible moment at our house calls for the addition of several more floodlights to the outside lighting setup so it will be practicable to carry on after-dark activities this summer.

This is not an unusual amount of lighting for a house the size of ours, though there are times when there seems to be an unusual number of lights burning. That is because the idea that lights should be turned off when not in actual use dies hard with some of us. The new generation is growing up with a different idea.

In the building where this is written, all the lighting is done with fluorescent tubes which are kept luminous 24 hours a day, month in and month out because it makes more sense to keep them going than to turn them on and off.

Part of the tremendous egg production in this country can be attributed to the practice in the northern section of supplementing daylight with artificial light during the winter months.

Except in the most remote parts of the country, there no longer are those areas and intervals of darkness which used to stop all human activity. Night can be turned into day wherever electricity is available.

Yet it was not until the century was well along that electric lights ceased to be a novelty and became a necessity. Those first carbon filament bulbs suspended from the ceiling by cords were something like Christmas tree ornaments

As far as giving light is concerned, they couldn't hold a candle to today's gleaming bulbs with their three-way switches and illumination - exhancing fixtures. But they displaced such crude contraptions as the kerosene lamp and its pressurized successor that burned gasoline vapor inside an asbestos globe. That was the first satisfactory light developed up to the time of the light bulb and it still compares favorably with Mr. Edison's contraption.

But you couldn't turn it on and forget it. It had to be fussed with. It wouldn't spring to life in the middle of the night when there was a noise to be investigated. You couldn't go away and forget it without fear of a mishap. It could be tipped over in a barn. It could burn a child.

Furthermore, no one would be likely to have 50 or more of the things sitting around and most of them blazing away at the same time in one small household. Being old enough to remember what it used to be like to stumble about in the dark, I am old enough to appreciate what it means to walk in the light anywhere, any time.

It's still tempting to go bird-dogging for lights that could be turned off but it's getting harder, all the time to turn them off. Nothing the inventors and engineers have done is more appreciated than the light they have shed on a civilization which used to fumble for the answers to its problems in darkness.

From A Reader

To The Star:

Certainly it should come as no surprise that still another talkathon with the Soviets has ended in complete failure.

Since we knew perfectly well that Communists always demand the impossible, why did we ever agree to meet with them in the first place? Indeed, what could we hope to gain in discussing the world crisis with them when they are the wilful authors of that crisis?

The United States loses prestige each time it sits down at a conference table with the Reds. Our very presence at such a gathering serves notice on all anti-Communist patriots the world over that we are not wholeheartedly dedicated to the overthrow of communism.

Let this be the last time we "confer" with the Kremlin lunatics.

The Once Over

By H. I. Phillips

Letter to a Harassed Prexy

Dear Ike: You are being blitzed because you stop short of boiling Joe McCarthy in oil or deporting him to St. Helena. A little disapproval is not enough for some folks. They want you to blow your stack, skin Joe alive, give a demonstration in the prevailing hysterics and hit senatorial spy hunters with everything but the White House kitchen sink.

But in my book you are keeping cool because:

1. A kid surrounded in an icy dugout, with capture or death near, rates higher with you than any defiant, fat and prosperous witness refusing to come clean on whether he has mixed with traitors or been a party to selling out America.

2. A legless and armless kid (no Fifth Amendment could keep the shrapnel off) stirs your heart more than a chesty witness refusing to tell a Senate subcommittee whether he has had any truck with the enemy.

3. As a military commander you have seen too many kids die in the fight against determined enemies (hidden or visible) to favor Emily Post tactics in any effort to root them out.

-:-

4. You know that this country is not playing marbles but is facing the greatest threat in its history from an enemy that puts his secret weapon thieves in every branch of government if possible.

5. You are sure that even one enemy agent in a spot where he can help destroy America is too many.

6. As a general who directed a world war against a foe who had "snuck" into American life pretty extensively, you know first-hand the price of treachery.

7. You believe that in the homes of America the safety of thousands of boys who may yet be sent into a horrible world war, perhaps to be killed and crippled for life, is of greater concern than whether the feathers of witnesses before a Senate committee are slightly ruffled and their blood pressure raised.

-:-

8. You are more moved by a white cross than a black book and a purple blast at a "Red" witness.

9. Heartbreak Hill holds a deeper place in your thoughts than Clam-up Ridge.

10. You feel that if "On the double!" had to be answered fast by a G.I., it's not too much to shout, "Come clean!" to a suspected spy or saboteur.

-:-

11. You have seen enough war to be convinced that one GI dead in a pool of blood upsets most people more than the wails of a lot of defiant, nose-thumbing contemptuous witnesses who find "Were you telling the truth when you signed your loyalty oath?" and "Have you ever received any directives from Moscow?" too tough to be endured.

-:-

So don't be disturbed by your critics, Ike. It is my hunch that, while they think Joe McCarthy lacks finesse and is hard to take at times, the rank and file of the American people want the truth, the whole truth and nothing but the truth about enemy agents in sensitive positions no matter who gets ulcers.

Testimony in New York's trotting - track, big-dough scandals shows politicians and statesmen so deep in the business that they developed spavins in the rush for their "cut." They are now called, "Giddap statesmen." Some of them did so much better than the horses that they are now eligible as Hambletonian entries.

The British government has announced its rules for British TV, declaring that it shall be "predominantly British in tone and style." This amounts to a strict anti-laughter policy. The government specifies that commercials shall not be so long as to detract from the value of a program." It isn't always the length, boys; we in America have a lot of very short sales pitches that drive us nuts.

'Rehab' Camp in Germany Pays Off

GIs Making Good on 'Second Chance'

KAUFBEUREN, Germany (AP)—Hundreds of young American soldiers who've gone wrong are making good at a "second chance" U S Army camp here in southwest Germany near the Austrian border.

Convicted in courts - martial throughout Europe for lesser offenses, they are sent here for rehabilitation and retraining instead of to prison or bounced out of uniform in disgrace.

The Army says 8 of 10 soldiers sent here and returned to normal military duty. Their average age is 21.

Kaufbeuren's prisoners have been convicted of such offenses as absence without leave, misappropriation of Army vehicles, disrespect for superiors, insubordination or drunkenness.

They have been sentenced to confinement of up to six months. Some have been meted out bad conduct or dishonorable discharges, but these are suspended when they come here

The soldier offenders live in the same type of quarters and eat the same foods as other U. S. soldiers in Europe The Kaufbeuren center looks much like any other military post in the American zone of Germany.

But the Army's provost marshal in Europe, Brig. Gen. J P Holland of Chicago, Ill., says there's "no pampering or silver spoon or kid glove handling of the trainees"

"It's a tough retraining program," he declared.

Then he added—perhaps with a memory of the brutal Army stockade in the novel and film "From Here to Eternity": "There's nothing in this retraining program remotely resembling some of the widespread misconceptions of life in an Army confinement facility The men are sent to the rehabilitation center as punishment for some breach of law, but they're not—and I emphasize this—sent there for punishment"

No Fever, Aide Forgot To Shake Thermometer

SEATTLE (AP)— Fifteen students returning to a local grade school after short absences underwent a routine check of their temperatures For all fifteen, the thermometer registered 102—3 4 degrees above normal.

They were sent back home

Then one mother, who could find no fever in her youngster at home, decided to investigate. Inquiry disclosed that an inexperienced aid had not shaken the thermometer between each temperature check, believing that the cool antiseptic solution in which it was dipped was enough to send the mercury down.

Marilyn Sifritt Becomes Bride in Local Ceremony

A gown of embroidered nylon tulle over white satin was worn by Miss Marilyn Joanne Sifritt when she became the bride of Joseph Leroy Lawrence Sunday, Feb. 28. The wedding took place in Epworth Methodist Church and the ceremony was read at 2:30 o'clock in the afternoon by the pastor, Rev. Walter C. Eyster.

The gown featured a princess waist with a band of gathered nylon edging the low, rounded neckline. The long sleeves ended in points over the hands and the skirt extended into a Cathedral train. Her fingertup length veil of illusion was caught to a coronet of tiny seed pearls in a flower and lace pattern.

She wore pearls, a gift from the bridegroom, with matching pearl earrings, and carried a white Bible topped with a white orchid. Caught with this was a lace handkerchief brought from Rome, Italy by the bridegroom. The bride was given in marriage by her uncle, Henry Miller.

The bride is the daughter of Mrs. Hattie M. Sifritt of 599 Cleveland Ave., and the bridegroom's parents are Mr. and Mrs. Lorin Lawrence of Harding Highway East

Palms formed a background at the altar for two floor baskets of white stock and snapdragons and lighted candles in four candelabra. Marking the family pews were white satin bows and huckleberry foliage. Wedding music preceding the ceremony was by Mrs. George Lane, organist, and William Busch, vocalist.

Preceding the bride to the altar were her sister, Miss Kathryn Ann Sifritt, as maid of honor, Miss Joanne Hofstetter and Miss Janet Reece of Columbus, as bridesmaids. Dean Miller, a cousin of the bride, as ring bearer, and Polly Lawrence as flower girl

The maid of honor and bridesmaids wore strapless ballerina length gowns of satin and nylon tulle and carried cascade arrangements of yellow and pink variegated carnations with ivy. Miss Sifritt was in yellow and Miss Hofstetter and Miss Reece were in aqua. In their hair, they wore bandeaus of feathered carnations to match their gowns The flower girl, in a white organdy and lace dress, carried a basket of carnations showered with ribbon.

Lighting the candles were Misses Doneta Tong and Shirley Mitchell in yellow and pink dresses, respectively. They wore headbands of carnations.

MRS. JOSEPH L. LAWRENCE

Richard Lawrence served as best man for the bridegroom, and ushers were Howard Mitchell, John Paul Lawrence, Merle Daum and Royal Fields, all of Marion.

For her daughter's wedding, Mrs. Sifritt chose a dress of blue nylon lace over blue crepe with navy blue accessories. Her corsage was of pink roses and carnations. Mrs Lawrence was in a dress of rose beige lace and crepe with matching accessories and her corasage was an orchid.

Immediately following the ceremony, a reception was held in the church parlors. Huckleberry foliage and stock florettes encircled the cake and also on the table were yellow candles in crystal candelabra. Serving were Miss Joan Tobin, Miss Colleen Knetsley and Mrs. Grace Fletcher.

When the couple left on a wedding trip to Chicago and through northern Illinois, Mrs. Lawrence was wearing a white knit suit with blue rhinestone jewelry, black and white accessories, and her bridal orchid. They are living on a farm on Harding Highway East.
